Marv B. Wallace

Dear Mary,

Thank you for your comments concerning the funding for National Board Teacher Certification. I understand that the process of becoming a National Board Certified teacher is rigorous, and I commend teachers who have become National Board Certified.

I have no plans to propose changes to state funding for National Board Teacher Certification. Thank you for your feedback, and I appreciate your work of furthering education in Arkansas.

I am excited and optimistic about the future of Arkansas. Together, we can make a real difference for the next generation.

Sincerely,

A handwritten signature in black ink that reads "Asa Hutchinson".
